OFFICE FINANCIAL POLICIES AND FEDERAL TRUTH-IN-LENDING STATEMENT

As a condition of your treatment by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from our patients for the costs incurred in their care to remain viable. Therefore, financial responsibility on the part of each patient must be determined before treatment.

All emergency dental services, or any dental services performed without previous financial arrangements, must be paid for in cash at the time services are rendered.

Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient and that he or she is personally responsible for payment of all dental services. This office will help prepare the insurance forms of our patients or assist in making collections from insurance companies and will credit any such collections received to the patient's account. However, this dental office cannot render services on the assumption that our charges will be paid in full by an insurance company.

A monthly service charge at a fixed rate of 1.5% per month/18% per annum* of the unpaid balance as of the last day of each month will be assessed and added to the balance on all accounts exceeding sixty (60) days from the date of service unless previously written financial arrangements are made. I understand that the fee estimate listed for this dental care can only be extended for a period of six (6) months from the date of the patient examination.

In consideration for the professional services to be rendered to me, (or at my request, to my minor child or ward) by the dentist, I agree to pay the fees charged for the dental services provided by the dentist or licensed employee at the time the services are rendered, or within five (5) days of billing if credit is extended by the dentist. In the event my account becomes delinquent, I agree to pay the remaining balance plus the sum of the collection fee charged by the collection agency to whom a delinquent account is assigned for collection, in addition to reasonable attorney fees and court costs where such legal services are necessary. I authorize the release of financially identifiable information concerning my account, including charges billed, payments made, and interest charges assessed, etc. to the dentist's collection agency or collection attorney should collection procedures as described become necessary.

In the event that your account becomes delinquent, after ninety (90) days from the date of service, your account will be taken over by a collection agency. An additional 40% collection fee will be added. You will also be responsible to cover reasonable attorney fees and court costs, were such legal services necessary. They will request a release of financial information on your account, including charges billed, payment made, and interest charges assessed, etc.

We all dislike being stood up. We reserve the right to charge for appointments canceled or broken without 24 hour notice. Our policy is to charge $25.00 for all broken or "no show" appointments.

I grant my permission to you or your assignee to telephone me at home or at my workplace to discuss matters related to this form. I also agree to let this office leave messages concerning appointments and/or results on my answering machine or with a family member.

This agreement supersedes all prior agreements signed, including any and all mediation or mediation/arbitration agreements. I acknowledge that any prior mediation or mediation/arbitration agreements signed previously related to financial arrangements or quality of care are null and void.

I authorize the dentist or his designees to release financially identifiable information and treatment descriptions and information, either electronically, by facsimile or in paper form to my insurance carrier or any related entities that require such information to be submitted.

I acknowledge that I have received a copy of this office's Privacy Policies. I agree to disclose to the dentist names of any individuals with whom I authorize the dentist to discuss my dental care.

I certify that I have answered all questions on both sides of this form accurately and to the best of my knowledge. I hereby agree to abide by the conditions outlined herein.

NOTICE OF PRIVACY PRACTICES

Dr. Jeffrey Morrison DDS
344 W. 920 N. Orem, UT 84057
801-225-2640
801-426-8541
mountaincrestdental@gmail.com

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; examining your teeth; prescribing medications and faxing them to be filled; referring you to another doctor or clinic for other health care or services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or dental care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; business planning; and outside storage of our records.

We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for these reasons, we usually will not ask you for special written permission.

USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION

In some limited situations, the law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- when a state or federal law mandates that certain health information be reported for a specific purpose;
- for public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the federal Food and Drug Administration regarding drugs or medical devices;
- disclosures to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- uses and disclosures for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;
- disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;
- disclosures for law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- disclosure to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;
- uses or disclosures for health related research;
- uses and disclosures to prevent a serious threat to health or safety;
- uses or disclosures for specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- disclosures of de-identified information;
- disclosures relating to worker's compensation programs;
- disclosures of a "limited data set" for research, public health, or health care operations;
- incidental disclosures that are an unavoidable by-product of permitted uses or disclosures;
- disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information;

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with your dental care.

APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form." The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation you will give us a properly completed authorization form, or you can use one of ours.

If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the office contact person named at the beginning of this Notice.

YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You can:

- ask us to restrict our uses and disclosures for purposes of treatment (except emergency treatment), payment or health care operations. We do not have to agree to do this, but if we agree, we must honor the restrictions that you want. To ask for a restriction, send a written request to the office contact person at the address, fax or E Mail shown at the beginning of this Notice.
- ask us to communicate with you in a confidential way, such as by phoning you at work rather than at home, by mailing health information to a different address, or by using E mail to your personal E Mail address. We will accommodate these requests if they are reasonable, and if you pay us for any extra cost. If you want to ask for confidential communications, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- ask to see or to get photocopies of your health information. By law, there are a few limited situations in which we can refuse to permit access or copying. For the most part, however, you will be able to review or have a copy of your health information within 30 days of asking us (or sixty days if the information is stored off-site). You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an impartial review of our denial if one is legally available. By law, we can have one 30 day extension of the time for us to give you access or photocopies if we send you a written notice of the extension. If you want to review or get photocopies of your health information, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30 day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment, to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want). By law, the list will not include: disclosures for purposes of treatment, payment or health care operations; disclosures with your authorization; incidental disclosures; disclosures required by law; and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will usually respond to your request within 60 days of receiving it, but by law we can have one 30 day extension of time if we notify you of the extension in writing. If you want a list, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- get additional paper copies of this Notice of Privacy Practices upon request. It does not matter whether you got one electronically or in paper form already. If you want additional paper copies, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.

OUR NOTICE OF PRIVACY PRACTICES

By law, we must abide by the terms of this Notice of Privacy Practices until we choose to change it. We reserve the right to change this notice at any time as allowed by law. If we change this Notice, the new privacy practices will apply to your health information that we already have as well as to such information that we may generate in the future. If we change our Notice of Privacy Practices, we will post the new notice in our office, have copies available in our office, and post it on our Web site.

COMPLAINTS

If you think that we have not properly respected the privacy of your health information, you are free to complain to us or the U.S. Department of Health and Human Services, Office for Civil Rights. We will not retaliate against you if you make a complaint. If you want to complain to us, send a written complaint to the office contact person at the address, fax or E mail shown at the beginning of this Notice. If you prefer, you can discuss your complaint in person or by phone.

FOR MORE INFORMATION

If you want more information about our privacy practices, call or visit the office contact person at the address or phone number shown at the beginning of this Notice.

ACKNOWLEDGEMENT OF RECEIPT

I acknowledge that I received a copy of Dr. Jeffrey Morrison's Notice of Privacy Practices.

Patient name: _____ Date:_____

Signature: _____

CONSENT TO PROCEED

I authorize Dr. Jeff Morrison and/or such associates or assistants as s/he may designate to perform those procedures as may be deemed necessary or advisable to maintain my dental health or the dental health of any minor or other individual for which I have responsibility, including arrangement and/or administration of any sedative (including nitrous oxide), analgesic, therapeutic, and/or other pharmaceutical agent(s), including those related to restorative, palliative, therapeutic or surgical treatments.

I understand that the administration of local anesthetic may cause an untoward reaction or side effects, which may include, but are not limited to bruising, hematoma, cardiac stimulation, muscle soreness, and temporary or rarely, permanent numbness. I understand that occasionally needles break and may require surgical retrieval. Occasionally drops of local anesthetic may contact the eyes and facial tissues and cause temporary irritation.

I understand that as part of the dental treatment, including preventive procedures such as cleanings and basic dentistry, including fillings of all types, teeth may remain sensitive or even possibly quite painful both during and after completion of treatment. Dental materials and medications may trigger allergic or sensitivity reactions.

After lengthy appointments, jaw muscles may also be sore or tender. Holding one's mouth open can, in a predisposed patient, precipitate a TMJ disorder. Gums and surrounding tissues may also be sensitive or painful during and/or after treatment. Although rare, it is also possible for the tongue, cheek or other oral tissues to be inadvertently abraded or lacerated (cut) during routine dental procedures. In some cases, sutures or additional treatment may be required.

I understand that as part of dental treatment items including, but not limited to crowns, small dental instruments, drill components, etc. may be aspirated (inhaled into the respiratory system) or swallowed. This unusual situation may require a series of x-rays to be taken by a physician or hospital and may, in rare cases, require bronchoscopy or other procedures to ensure safe removal.

I understand the need to disclose to the dentist any prescription drugs that are currently being taken or that have been taken in the past, such as Phen-Fen. I understand that taking the class of drugs prescribed for the prevention of osteoporosis, such as Fosamax, Boniva or Actonel, may result in complications of non-healing of the jaw bones following oral surgery or tooth extractions.

I do voluntarily assume any and all possible risks, including the risk of substantial and serious harm, if any, which may be associated with general preventive and operative treatment procedures in hopes of obtaining the potential desired results, which may or may not be achieved, for my benefit or the benefit of my minor child or ward. I acknowledge that the nature and purpose of the foregoing procedures have been explained to me if necessary and I have been given the opportunity to ask questions.
